

IEEE 5GWF 2018 Call for Doctoral Symposium Paper Submissions

IEEE 5GWF 2018 Doctoral Symposium provides a forum for Doctoral students to present their research ideas, interact, and receive feedback on their work from senior members, researchers in academia and industry. Students at different stages in their research will be able to articulate and discuss their problem statement, goals, methods, and results. The symposium also aims to provide students with useful guidance on various aspects of their research from established researchers and the other student attendees. Finally, the symposium seeks to motivate students in the development of their scientific curiosity and facilitate their networking within the research community. The PhD symposium also aims to facilitate networking among researcher in the 5G community and help students establish contacts for entering the job market. PhD Symposium attendance is open to all IEEE 5GWF 2018 registrants.

Submission Guidelines

Doctoral symposium paper submissions should be 2-4 pages, formatted according to IEEE Conference proceedings style, and submitted electronically in PDF format. A letter of recommendation from the supervisor (contact information: affiliation, address, e-mail and phone) to be submitted with the proposal submission. Papers must be submitted electronically using the EDAS Link: <https://edas.info/newPaper.php?c=23875&track=86545>

Authors of accepted papers shall prepare a final camera-ready version of the paper, taking into account all feedback from reviewers, and formatted according to the IEEE Conference proceedings style. Doctoral Symposium papers will appear in the final program, and IEEE Xplore Digital Library as part of conference proceedings.

Important Dates

Doctoral Symposium Paper Submissions: **25 May 2018 (Firm)**

Acceptance Notification: 31 May 2018

Camera Ready Submission: 8 June 2018

Conference Date: 9-11 July 2018
