2020 IEEE 3rd 5G WORLD FORUM

10-12 September 2020
Bangalore, India

5G and Beyond: A Comprehensive Look at Future Networks

About

The 2020 IEEE 3rd 5G World Forum aims to bring experts from industry, academia, and research to exchange their visions and achieved advances towards 5G, and stimulate innovative cross-domain studies, research, early deployment and large-scale pilot showcases that address the challenges of 5G and future networks beyond.

The 2019 IEEE 2nd 5G World Forum in Dresden, Germany attracted more than 900 international participants and another 800+ viewing the keynote talks live online. In 2020 we expect the conference to grow with a vibrant mix of industry executives and practitioners, researchers, academics, government regulators, and public sector executives, who will share best practices and lessons learned, latest research, new standards development initiatives, innovations, and first-hand experiences regarding prototyping and initial service offerings.

For our patrons, the 2020 IEEE 3rd 5G World Forum is an outstanding opportunity to showcase your products and applications to an enthusiastic and engaged audience, and provides an ideal platform for you to reach hundreds of key decision-makers involved in 5G and future network generations.

We are delighted to welcome you to Bangalore as a member of our patronage team. There are many options in supporting our conference, including developing a customized package.

To arrange your sponsor package, please contact one of the following Sponsorship Chairs:

Chi-Ming Chen chimingchen_ieee@yahoo.com
Upkar Dhaliwal upkar@ieee.org
Puneet Mishra mishra_puneet@ieee.org

BENEFITS OF PARTICIPATION:

- Network with influential design and development engineers
- Showcase your company to the largest technical and professional association in the world
- Interact with engineers, industry leaders, government employees and academics
- Engage in industry programs for additional insight into the 5G ecosystem
